A possible split in the Federal Bureau of Investigation, and other federal agencies, may open up various possibilities as to what really happened as to the bombings in Oklahoma City, April 19, 1995. And we use the term BOMBINGS in the plural advisedly, because some explosives experts contend fertilizer bombs in a front-of-the-building truck could not have wrecked the building pillars as occurred.

Background: President Clinton felt his power slipping away. The 1994 Congressional elections, considered by fellow Democrats as a Clinton-caused disaster, brought in a noisy GOP majority. In the spring of 1995, a small group of highly patriotic flag officers were plotting to arrest their Commander-in-Chief Clinton for giving military secrets to the Red Chinese, a sworn enemy of the U.S.; an arrest provided for and authorized under the military code. As titular head of both the U.S. civilian and military Establishment, Clinton, on the other hand, could have arrested the 24 Admirals and Generals for mutiny. If they were not assassinated, they intended to defend themselves with proof, such as Clinton giving, to the head of the Red Chinese Secret Police, in the White House and elsewhere, U.S. financial, industrial, and MILITARY secrets. Giving aid and comfort to a sworn enemy of the U.S., the classical definition of treason.

Clinton felt he could nevertheless control the situation, notwithstanding the plot against him. Just prior to the 1994

elections was appointed to investigate Bill and Hillary, a supposed "Independent Counsel", Kenneth W. Starr. But Starr had built-in conflicts of interest, as Clinton was aware. Starr had as a private law client, Wang Jun, head of the Red Chinese Secret Police. Wang Jun also headed a Red Chinese military-owned company that made and marketed AK-47 submachine guns, intended for shipment to U.S. inner-city narco-terrorist street gangs, for shoot-em-ups with big city police, to destabilize the U.S. government.

Moreover, Starr was reportedly the UNREGISTERED foreign lobbyist for the Red Chinese government. Starr was thus subject at any time, to Clinton Justice Department punishment.

On Monday, April 17, 1995, a military jet planeload of top military was enroute to Dallas. They had onboard what is not supposed to exist, an American prisoner-of-war, prepared to finger the Pentagon as perpetuated by Clinton, as continuing the POW/Missing in Action cover-up from the Viet Nam war. From sabotage, the plane blew up in the air, killing all onboard, near Alexander City, Alabama. The Pentagon made every effort to cover up what happened. Families of the victims were reportedly not permitted to have any possessions or details. There are strong reasons to believe the plane had a portion of a group of "Seven Days in May" style military officers plotting a coup against the White House. Thereafter, the small group of other flag officers, out of uniform, took up residence in a Paris suburb. A year later, the Chief of Naval Operations, Admiral Jeremy Boorda, apparently aware of the coup, was assassinated and covered up as a "suicide", a favorite whitewash by the monopoly press. And about the time of Boorda's murder, was assassinated William Colby, former Director of Central Intelligence. He reportedly was assisting the plotters with detailed data. Colby's death was explained by the pressfakers as a "boat accident", although his friends contend it was murder.

Clinton, as President, was fully aware that Oklahoma City had as residents, a large number of Iraqi military officers and their families, some officers of Iraqi Intelligence units, supposed defectors after the Persian Gulf War, 1991, brought into the U.S. by President George Herbert Walker Bush. Iraq, as Clinton knew, was planning a revenge terrorist attack against a federal office building in Oklahoma City, using U.S. dissidents as surrogates, but insulated from the actual Iraqi handlers. The FBI, the CIA, and other in the intelligence community, have pictures and records showing the Iraqi military officers supervising the Murrah Building bombings. [Local Oklahoma TV reporters confirming this in part were fired or otherwise punished.]

Little if at all publicized was that prior to the Timothy McVeigh trial, the head of his defense team, Stephen Jones, filed an extra-ordinary petition in the Federal Appeals court, called Petition for Mandamus. It sought to force the Denver trial judge who was set to hear the McVeigh murder case removed from Oklahoma City, to release certain secret documents possessed by various federal intelligence agencies. Referring to the secret as well as public court records, Jones' Petition pointed out that U.S. intelligence agencies were aware of Iraqi complicity in the Murrah Building bombing. For apparent reasons of "national security", a catch-all whitewash excuse, the federal appeals court rejected the Petition and the McVeigh murder trial, minus the revealing records, proceeded.

A U.S. Secret Service Agent, Witcher, in a position to finger Clinton on other matters, was steered into occupying an office in the Murrah Building. He died in the disaster. [We have one of the few pictures of him.] Clinton, apparently faking remorse, later attended a memorial for the agent. At the time of the bombings, the U.S. Treasury's Bureau of Alcohol, Tobacco & Fire-Arms, headquartered in the Murrah Building, was planning an exercise as to how to "sting" or flush out would-be domestic terrorists. Something went wrong with their "sting" operation. The BATF knew not to have their personnel in the Alfred Murrah Building on that Wednesday, April 19, 1995. A local fire official was likewise warned. So was a local judge in a nearby building, warned of an expected bombing that day.

Making a rare appearance on CBS' "Sixty Minutes" Program, Clinton described the tragedy as a "plot to overthrow the government". WIth his power and prestige waning prior to the bombings, Clinton with the complicity of the spy-riddled monopoly press, now urged the public to support and rally around their President. Clinton and the presswhores used the bombings as an excuse to want to punish and round-up U.S. domestic dissidents that were heckling the central government in Washington. [Similarly, when Adolph Hitler came to power, he had the German Parliament burned down and falsely blamed on dissidents, to consolidate his power and have an excuse to round-up opponents to the Nazi Party.]

Right before the scheduled execution of McVeigh, an apparent split has developed in the FBI. There is reason to believe the split is also in other intelligence agencies. The target of the divergence is both current alleged "President" or White House "resident" George W. Bush and former President Clinton. Through his father, George W. Bush is in a position to know, and want to cover up, the complicity of the Iraqi officers on U.S. soil in the Oklahoma City bombings. Also, former President Clinton, somewhere in the future, may well be subject to federal criminal prosecution for treason and the murder of the 168 who died in the Murrah Building bombings. Are other records about to be revealed? Some believe so.

Based on a little-known Federal case in Chicago, 1991, where I was the only spectator and journalist present, I did exclusive stories on how the Elder Bush in the decade of the 1980s, was a PRIVATE business partner of Iraqi strongman Saddam Hussein. Together, they shook down the weak sheikdoms in the Persian Gulf for billions and billions of dollars of oil kick-backs. The Persian Gulf War, in its simplest form, was merely two private business partners having a falling out and wanting to punish one another. Through foreign units of his firm, Halliburton, Vice President Richard Cheney has extensive business with Iraq on oil-country machinery and such. Prior to being Vice President, Cheney was CEO of Halliburton. Through Harken Energy, and a massive swindle, George W. Bush has extensive interests in the Persian Gulf and conflicts of interest as to Iraq as a so-called subdued "enemy" of the U.S.

Tell me if you can WHAT IS THE REASON NONE DARE
CALL THIS TREASON?

More coming.

Stay tuned.
