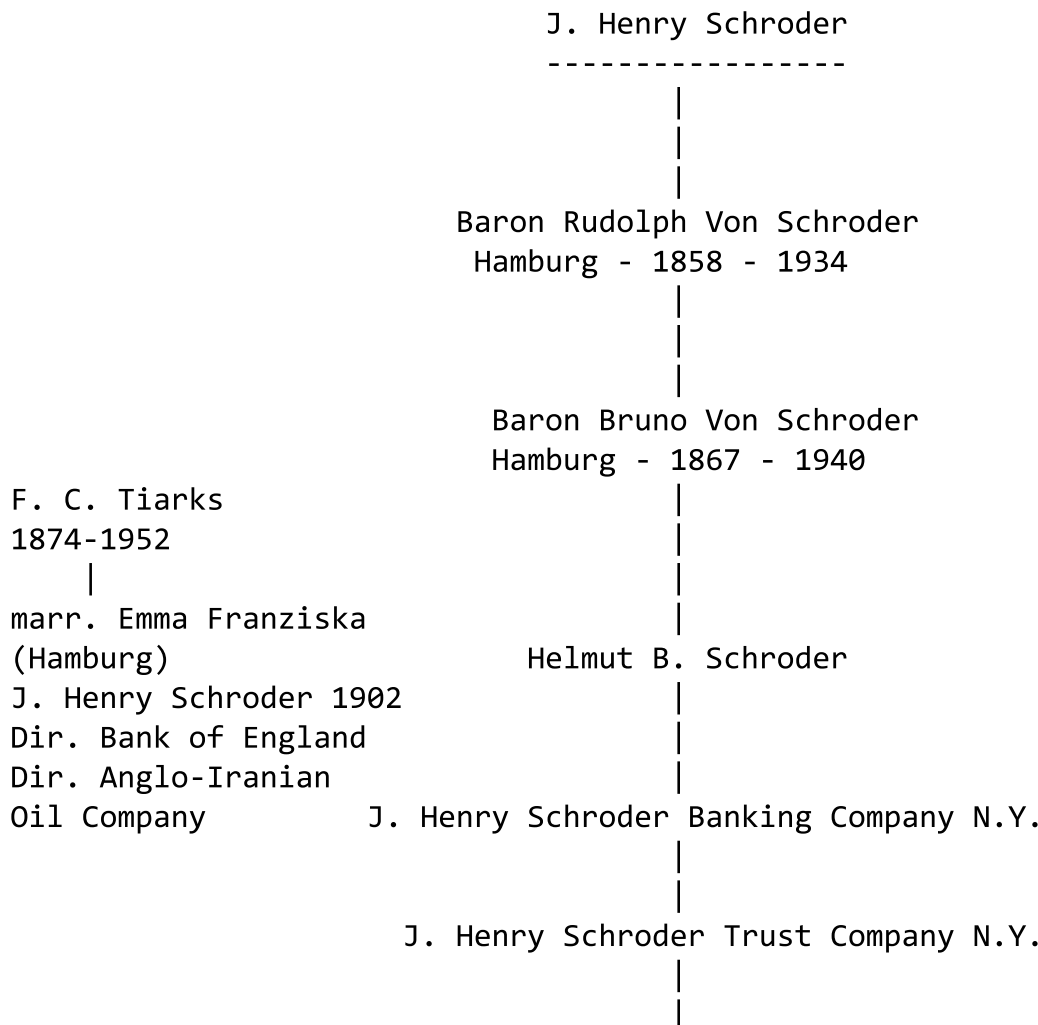

Chart 2

Federal Reserve Directors: A Study of Corporate and Banking Influence

- Published 1983

The J. Henry Schroder Banking Company chart encompasses the entire history of the twentieth century, embracing as it does the program (Belgium Relief Commission) which provisioned Germany from 1915-1918 and dissuaded Germany from seeking peace in 1916; financing Hitler in 1933 so as to make a Second World War possible; backing the Presidential campaign of Herbert Hoover ; and even at the present time, having two of its major executives of its subsidiary firm, Bechtel Corporation serving as Secretary of Defense and Secretary of State in the Reagan Administration.

The head of the Bank of England since 1973, Sir Gordon Richardson, Governor of the Bank of England (controlled by the House of Rothschild) was chairman of J. Henry Schroder Wagg and Company of London from 1963-72, and director of J. Henry Schroder, New York and Schroder Banking Corporation, New York, as well as Lloyd's Bank of London, and Rolls Royce. He maintains a residence on Sutton Place in New York City, and as head of "The London Connection," can be said to be the single most influential banker in the world.
